

WILLOWBROOK SIDING

# WILLOWBROOK™

SUPER POLYMER SIDING

# HIGH ON VALUE, LOW ON MAINTENANCE

The long-lasting durability of .042" Willowbrook™ Super Polymer Siding means your home will keep its charm and value for years to come, with very little exterior maintenance required. Along with its delicate cedar woodgrain finish, Willowbrook is loaded with exceptional features and is backed by a Lifetime Limited Warranty.

1

### HALF ROLLOVER NAIL GUARD

- Prevents nails from being nailed too tightly
- Adds panel rigidity and durability while enhancing the wind resistance of the siding system

2

### POST-FORMED LOCK

- Engineered to provide a positive locking system and increased wind resistance
- Keeps the siding firmly in place on the wall
- Able to withstand winds of 169 (mph, ASD)\*
- Standard Design Pressure Rating: 68.9 psf (ASD)\*

5.11. Florida Building Code FL#1712.5

3

### FULL 9/16" PANEL PROJECTION

- Enhanced shadow lines
- Added panel rigidity

4

### DROP GUARD

- Prevents the panel from dropping out of the lock during installation
- Secures the patented Twister Lock and Cyclonic Locking System

5

### TESTED AND CERTIFIED

- Meets or exceeds ASTM D3679
- Meets or exceeds VSI Product Certification

\*Rating per VSI Wind Speed Calculation Guidelines

# WHAT'S INSIDE SUPER POLYMER?

A strong molecular chain that provides

**superior color retention +**

**weather resistance**

ProVia's Super Polymer formulation is comprised of our Tri-Pigment Reflective Technology, Weather Barrier Shield, SPX-2000 UV Protection and Color Keeper Anti-Fade Protection. Inorganic materials, anti-weathering ingredients, butyl and acrylic modifiers are melded together to create a strong molecular chain for superior color retention and weather resistance.

**THINK OF IT AS SUNSCREEN...  
FOR YOUR HOUSE!**

**SUPER POLYMER MEANS PEACE OF MIND**

knowing your home is clad in the industry's best vinyl siding

### Tri-Pigment Reflective Technology

- A precise formulation of heat resistant inorganic pigments ensuring exacting deep colors.
- Reflects heat away from exterior walls and deflects damaging infrared solar rays to reduce solar heat build-up and unsightly weathering.

### Weather Barrier Shield

- A concentration of precisely formulated anti-weathering materials at the product surface.
- Helps ensure long-lasting color fidelity and maintenance freedom for your home's exterior.

### SPX-2000 UV Protection

- Helps block the destructive effects of the sun's UV rays.

### Color Keeper Anti-Fade Protection

- Meticulously engineered with the finest mix of ingredients that build a stronger molecular chain for superior color retention.

# EXCEPTIONAL PERFORMANCE

## IMPACT RESISTANT

Our Super Polymer formulation is engineered with high-grade impact modifiers that act as shock absorbers. These impact modifiers add strength, toughness and durability and provide our siding with the highest impact resistance for the life of the products.

Based on historical warranty analysis, ProVia® siding products had little to no hail damage warranty claims.

### THIRD PARTY ACCREDITATION AND TESTING

ProVia® Super Polymer vinyl siding is ASTM 4226 certified and tested for impact resistance that exceeds 60 lb/ft.

## IMPERVIOUS TO MOISTURE

Unlike wood and fiber cement, ProVia's Super Polymer formulation is **engineered with high-grade weathering defenses** that enhance the inherent water resistance of vinyl.

This ensures moisture management for your home's exterior and provides long-lasting performance for the life of the product.

## INHERENTLY FLAME RETARDANT

Our siding products are Class A fire rated based on ASTM E84, ASTM D635 and ASTM E119-88 testing and certification. ProVia's Super Polymer formulation is a PVC (vinyl) based product which does not ignite quickly and is inherently flame retardant.

Most home structure fires originate in the interior of the home. Only 4% of house fires start on the outside of the structure and fewer than 3% of house fires originate with the exterior wall surface.

- National Fire Protection Association, Home Structures Fires, April 2018

# + LOW-MAINTENANCE QUALITY

## EQUALS PEACE OF MIND

Homeowners want their home's siding to look great for as long as possible. That's why ProVia® has not only engineered its Super Polymer Siding products to perform, but to be low-maintenance.

**Easily cleaned with:**  
Mild detergent  
Brush | Garden Hose

**With Super Polymer Siding, you'll never have to:**  
Paint | Stain | Caulk  
Seal | Re-Point Mortar

## DID YOU KNOW?

Since ProVia® vinyl siding does not require painting, staining, or caulking, no harmful solvents are released into the environment to maintain it. As a result, ProVia® vinyl siding can earn points in **leading green building certification programs.**

**Save money by reducing maintenance costs.**

Visit [provia.com/siding](http://provia.com/siding) for more information on how to clean vinyl siding.

## LIFETIME LIMITED WARRANTY

Unlike fiber cement, wood or stucco, ProVia's Super Polymer formulation is engineered with high-grade weathering defenses that enhance the inherent water resistance of vinyl. This ensures moisture management for your home's exterior and provides long-lasting performance for the life of the product.

**QUALITY SECOND TO NONE**

ProVia® vinyl siding products are precisely engineered to meet or exceed ASTM standards set forth by the Vinyl Siding Institute (VSI).

As a result, contractors, installers and homeowners benefit from product durability, longevity and performance for a lifetime.
